

HEALTH CARE SERVICE ANCILLARY AGREEMENT

THIS Agreement is made by and between _____, (hereinafter referred to as "Facility"), a provider of health care services or items, licensed to practice or administer such services or items in the state or states where such services or items are provided, and USA MANAGED CARE ORGANIZATION, INC. A TEXAS CORPORATION, (hereinafter referred to as "USA").

WITNESSETH:

WHEREAS, USA is a Preferred Provider Organization (PPO) engaged in the business of administering quality health care services at an affordable price through its products {USA H & W Network, a group health and wellness program, USA Workers' Injury Network (USA WIN), and USA Medicare (USA Senior Care)} and Facility desires to provide services for the members (hereinafter referred to as "INSUREDS") of various group accident/health plans, work related injury/illness plans, motorist medical plans, Medicare supplemental plans, Medicare advantage plans, Medicare employee/union group retiree plans, Health Maintenance Organization plans, affiliated networks, and self-insured employers, and foreign nationals (including citizens, employees, and embassy officials) with state governments which have entered into agreements with USA, (hereinafter referred to collectively as "INSURERS"); and

WHEREAS, USA has a network of contracted facilities, physicians, and ancillary service providers (hereinafter referred to along with Facility as "Providers") available for use by the eligible INSUREDS of various plans contracted with USA, thereby making available to INSUREDS such Providers for health and medical care needs; and

WHEREAS, Providers shall be made available by USA as a convenience to INSUREDS, for the purpose of allowing INSUREDS access to health care and medical care; and

WHEREAS, Facility and its ancillaries (as listed in Exhibit B) desire to contract with USA and its affiliates to provide services to INSUREDS and to accept as payment in full for such services the amounts set forth in the attached Exhibit B; and

WHEREAS, Facility agrees to conduct itself ethically and in a manner which shall preserve and maintain the human dignity and integrity of all patients, and by its attitude and manner shall convey to the patient compassion and concern for the patient's problems. Facility shall dedicate itself to alleviating those problems and providing comfort and care to those in need.

NOW, THEREFORE, in consideration of the mutual covenants herein contained and for good and valuable consideration, the legal adequacy of which is hereby acknowledged, the parties hereby agree as follows:

1. Services to be Provided.

- a) USA does hereby agree to add Facility to its network of Providers, and Facility does hereby agree to comply with USA's policies for facility participation and provide INSUREDS with services that Facility normally and customarily provides, on a 24 hour per day, 7 day per week basis, at the rates set forth in Exhibit B of this Agreement. All services to be provided by Facility under this Agreement shall be performed, or ordered and approved by physicians who are members in good standing of Facility's staff, or who are otherwise authorized by Facility to provide medical care to patients being treated in Facility.
- b) Facility shall provide to USA a current copy of their staff roster and will make available without charge to USA updates as changes occur. Facility shall verify staff privileges upon request by USA and without charge to USA.
- c) Attachment A sets out the specific provisions for USA Worker's Injury Network and Facility agrees to comply with the terms, provisions and conditions of the applicable Attachment.
- d) Attachment B sets out the specific provisions for Lonestar Athletic Network and Provider agrees to comply with the terms, provisions and conditions of the applicable Attachment.

2. Rates to be Paid to the Facility.

- a) Facility agrees that any location billing with the tax identification numbers(s) in this Agreement are contractually obligated to all the terms of this Agreement. Facility is to be paid by INSURER according to the rates established in Exhibit B not to exceed billed charges. The negotiated rates in Exhibit B represent the total amount to be received by Facility including any co-payments, co-insurance and/or deductibles paid by INSUREDS. INSURER shall pay Facility the amount due for services rendered to INSURED, based on the provisions of the applicable plan, and Facility agrees to look to INSURER for the payment of such services except for any amounts required to be paid by INSURED pursuant to Subparagraph 2(c). Payments will be made to Facility for medical services actually rendered and only after submission of a claim.

- b) Facility agrees to provide services under this Agreement for the treatment and care of illnesses, injuries or conditions of INSUREDS for which Facility normally provides. In the event a third party other than INSURER should have primary responsibility for payment of the services provided an INSURED, Facility agrees to collect payment from such other source prior to requesting payment from INSURER. Any payment made by INSURER to Facility for obligations which are the primary responsibility of a third party shall be refunded to the INSURER by Facility. By executing this Agreement, Facility waives all rights to collect and/or pursue collection of any amounts in excess of the reimbursement listed in Exhibit B from any INSURERS who may have secondary responsibility.
- c) Services rendered or items furnished INSUREDS by Facility which are not covered as a benefit under the applicable plan, and all co-payments, co-insurances and/or deductibles, are to be paid by INSURED and Facility is responsible for collection of such payments.
- d) Facility agrees and acknowledges that USA is administrating health care services on behalf of INSURERS under this Agreement. USA will not be responsible or liable for the cost of any services provided to INSUREDS by Facility or for the payment of any claim to Facility.
- e) Facility agrees to participate in the Cost Containment Guidelines as set forth in Exhibit A.

3. Payment of Claim.

Payment of claims is subject to the terms and conditions of INSURED'S insurance plan. Payment by INSURER shall be limited to services provided to INSURED for which INSURED is eligible. Payment by INSURER shall be reduced by co-insurance, co-payments and/or deductibles. Facility agrees to bill at its usual and customary rate and further agrees not to pursue collection of the difference between Facility's usual and customary rates and the rates set forth in Exhibit B. INSURER shall make payments within thirty (30) days of receipt of claims, unless written notice of dispute or discrepancy is mailed to Facility within thirty (30) days. If claim is not paid within thirty (30) days on undisputed claims and ninety (90) days on disputed claims, Facility shall have the right to deny the negotiated rates set forth in Exhibit B and seek full billed charges.

4. Hold Harmless.

a) PPO INSUREDS

Facility agrees that INSURER is responsible for payment of Facility's compensation pursuant to this Agreement. Facility shall not request payment from any INSURED for any treatment or services provided to INSURED pursuant to the terms of the Agreement except as otherwise provided herein. Facility agrees to release and hold harmless INSURED, provided INSURER makes payment pursuant to the terms of this Agreement. Notwithstanding the foregoing, in the event INSURER fails to make payment within ninety (90) days of receipt of claim or if INSURER is declared insolvent or otherwise unable to make payment, Facility may bill INSURED for services rendered.

b) HMO INSUREDS

Facility hereby agrees that in no event, including, but not limited to non-payment by INSURER, INSURER insolvency, or breach of this Agreement, shall Facility bill, charge, collect a deposit from, seek compensation, remuneration, or reimbursement from, or have any recourse against INSURED, or persons other than INSURER acting on their behalf for services provided pursuant to this Agreement. This provision shall not prohibit collection of supplemental charges (non-covered services) or co-payments on INSURER'S behalf made in accordance with the terms of the applicable plan between INSURER and INSURED.

Facility further agrees that (1) this provision shall survive the termination of this Agreement regardless of the cause giving rise to termination and shall be construed to be for the benefit of INSURED, and that (2) this provision supersedes any oral or written contrary Agreement now existing or hereafter entered into between Facility and INSURED or persons acting on their behalf. Any modifications, addition or deletion to the provisions of this clause shall be effective on a date no earlier than fifteen (15) days after the Commissioner of Insurance has approved such changes.

5. Medical Records.

- a) With the proper patient consent and in accordance with all local, state and federal laws governing confidentiality, Facility shall keep and make available to USA, INSURER or as applicable all federal, state and local agents, copies of all medical records for the purpose of maintaining a quality assurance program, required by USA or INSURER for a period of the greater of five (5) years from the date of treatment or consultation, or the number of years that medical records are required to be kept under applicable governing laws.
- b) Facility shall furnish, upon request and without charge, all information reasonably required by USA to verify and substantiate its provision of medical services, the charges for such services, and the medical necessity for such services.

6. Pre-Certification and Certification.

It is the responsibility of Facility to verify with INSURER prior to the delivery of medical services in non-emergent situations and within forty-eight (48) hours or the next business day in emergency situations that any patient is an INSURED in good standing under the applicable plan and eligible for benefits, as well as to obtain information as to the extent and nature of INSURED'S benefits. Facility

understands that it is their responsibility to verify eligibility and benefits allowing Facility to determine if/when pre-certification (pre-authorization) and certification (authorization) is required by the plan. Facility understands that an INSURED'S membership identification card is not a guarantee that the cardholder is an INSURED in good standing. INSURED'S I.D. card will display appropriate telephone numbers for benefits/eligibility verification.

Facility agrees and acknowledges that USA has contracted with various INSURERS. INSURERS have elected at their discretion to secure services {pre-certification (pre-authorization), certification (authorization), case management and utilization management} from the vendor of their choice. While the requirements of the plan, as well as each vendor may vary, Facility agrees, at a minimum to comply with the following:

Non-emergent and/or post-stabilization admissions after the provision of emergency care may require pre-certification/certification to be eligible for full benefits. Facility agrees to phone the appropriate number provided on INSURED'S identification card to determine whether pre-certification/certification is required. Facility agrees to notify the appropriate party prior to the delivery of medical services in non-emergent situations and within forty-eight (48) hours or the next business day in post-stabilization emergent situations. Facility should be prepared to provide the following information:

- a) Patient's name, sex, and date of birth
- b) INSURED'S name, address, social security number, and group/policy number
- c) Name of INSURER
- d) Pre-admission diagnosis(es)
- e) Name, address, and telephone number of the physician
- f) Date of service (admission or procedural date)
- g) Treatment and or surgical procedures

Facility further understands that pre-certification and certification are a determination of medical necessity. Pre-certification/certification shall be granted when the intensity level of the treatment and the level of care are appropriate with respect to the severity of the illness. Medical services will be pre-certified/certified based on the information provided to the appropriate party at the time of notification. Pre-certification and certification are not verification of eligibility and/or benefits. To verify eligibility and/or benefits, Facility must phone the appropriate number listed on INSURED'S identification card.

In the case of an admission, if the medical condition of INSURED is such that he/she cannot be discharged from Facility on the last day certified, Facility must call the appropriate telephone number on INSURED'S identification card on or before the last day certified to determine whether an additional number of days may be certified. Benefits may be reduced for additional days which are not certified.

In the case of an admission, where INSURED'S illness, injury or condition (e.g. coma) prohibits INSURED from cooperating with Facility to identify himself/herself as an INSURED having access to USA's network, Facility agrees to notify the appropriate party as soon as Facility is able to identify INSURED.

Emergent admissions may be payable if they **a)** are certified or **b)** meet the conditions of an emergency as defined below:

An emergency is:

- 1) A medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that the absence of immediate medical attention could reasonably be expected to result in:
 - (i) placing the health of the individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy; or
 - (ii) serious impairment to bodily functions; or
 - (iii) serious dysfunction of any bodily organ or part; or
 - (iv) a "mental health" emergency consisting of a condition that could reasonably be expected to present danger to the person experiencing the mental health condition or another person.
- 2) With respect to a pregnant woman who is having contractions:
 - (i) that there is inadequate time to effect a safe transfer to another hospital before delivery; or
 - (ii) that transfer may pose a threat to the health or safety of the woman or the unborn child.

7. Change in Terms and Benefits.

It is agreed by the parties hereto that the benefits, terms and conditions of the various agreements between INSURER and INSURED of any plan may be changed during the term of this Agreement without notice. However, such changes will not affect this Agreement unless agreed to by Facility and USA.

8. Termination of Coverage of INSUREDS.

Coverage for each INSURED may be terminated by INSURED or INSURER. When an INSURED whose coverage has terminated receives services from Facility, Facility agrees to bill INSURED directly. INSURER shall not be liable to Facility for any bills incurred by an INSURED whose coverage has been terminated.

9. Duration.

The initial term of this Agreement shall be a period of one (1) year from the date of execution of this Agreement by USA. During that time, Facility agrees that the reimbursement rates listed in Exhibit B will not be subject to increase. This Agreement shall automatically renew for successive one (1) year terms on the anniversary date of this Agreement and shall remain in force until termination as provided for in Section 10 (Termination) of this Agreement. Facility shall have the right to submit a proposal for a potential increase or decrease of contractual rates to USA on an annual basis within ninety (90) days of the anniversary date. Facility agrees to allow USA reasonable time to review such proposal and counter-propose if necessary. Facility understands that rates will never be made retroactive.

10. Termination.

After the initial term, either party to this Agreement may elect to terminate this Agreement without cause at any time by giving one hundred eighty (180) days prior written notice to the other party. Said notice shall clearly explain the reason giving rise to termination to be considered in compliance with this Section.

USA may terminate this Agreement for immediate cause, which includes, but is not limited to, the following:

- a) Facility's filing of bankruptcy (whether voluntary or involuntary), declaration of insolvency, or the appointment of a receiver or conservator of its assets.
- b) Facility's failure to maintain appropriate accreditation by agencies approved by USA.

In the event this Agreement is terminated for immediate cause, termination shall be effective upon receipt of written notification.

USA may also terminate this Agreement for reasons other than immediate cause. Those reasons may include, but are not limited to, a breach of any provision contained in this Agreement, habitual neglect, or the continued failure of Facility to perform its professional duties. If termination is for reasons other than immediate cause, USA will notify Facility in writing, stating the reason for termination, and giving Facility sixty (60) days in which to cure.

If Facility has failed to effect a satisfactory cure, within the sixty (60) day cure period, of all reasons stated in the notice of termination, termination shall be effective on the tenth (10th) day following the expiration of the sixty (60) day cure period.

11. Notice to INSURER of Termination of Agreement.

In the event this Agreement is terminated by either party in accordance with the procedure set forth herein, USA will notify INSURER. Facility shall notify INSURED, prior to giving service, that this Agreement is no longer in effect.

12. Accuracy of Information.

Facility represents and warrants that all information provided USA is true and accurate in all respects and acknowledges that USA is relying on the accuracy of such information in entering into and continuing the term of this Agreement. Facility shall promptly notify USA, without request, of any change in the information provided.

13. Independent Contractor.

- a) In entering into and complying with this Agreement, USA and Facility are at all times performing as independent contractors. Nothing in this Agreement shall be construed or be deemed to create a relationship of employer and employee, principal and agent, partnership, joint venture, or any relationship other than that of independent parties contracting with each other solely to carry out the provisions of this Agreement for the purposes recited herein.
- b) Facility shall be responsible for the services provided to each INSURED that uses Facility's services.

14. Confidentiality.

Each party may, in the course of the relationship established by this Agreement, disclose to the other party in confidence non-public information concerning such party's earnings, volume of business, methods, systems, practices, plans, purchaser discounts and contract terms, or other confidential or commercially valuable proprietary information (collectively referred to as "Confidential Information"). Each party acknowledges that the disclosing party shall at all times be and remain the owner of all Confidential Information disclosed by such party, and that the party to whom Confidential Information is disclosed may use such Confidential Information only in furtherance of the purposes and obligations of this Agreement. The party to whom any Confidential Information is disclosed shall use its best efforts,

consistent with the manner in which it protects its own Confidential Information, to preserve the confidentiality of any such Confidential Information which such party knows or reasonably should know that the other party deems to be Confidential Information.

The party to whom Confidential Information is disclosed shall not use said information to the disadvantage of or in competition against the disclosing party. It is understood by each party that any Confidential Information disclosed is non-public information which is of great value to the disclosing party and that a breach of the foregoing confidentiality provision would cause irreparable damage. In the event of such breach, the injured party shall have the right to seek and obtain, in any court of competent jurisdiction, an injunction to restrain a violation or alleged violation by the other party of this covenant, together with any damages that the party may suffer in the event of such a breach.

15. Disputes.

USA agrees to attempt resolution of any dispute that may arise between Facility and INSURER from services delivered by Facility to an INSURED of INSURER. USA will act as a mediator between Facility and INSURER to resolve the dispute. Facility agrees to cooperate with USA acting as mediator, and INSURER in resolving the dispute. Cooperation includes providing any documentation requested by USA. If the mediation does not result in the resolution of the dispute, USA agrees to notify the parties in writing, and the parties may then seek any other means of resolution of the dispute.

If there is a dispute between the parties concerning the interpretation, performance or lack of performance of any term, condition or provision of this Agreement, the parties agree that they will submit the dispute to mediation with a third party neutral prior to filing a lawsuit. If the mediation does not result in a resolution of the dispute, then the parties may file suit to resolve the dispute. The parties agree that jurisdiction for any lawsuit filed by either party to enforce or interpret any provision, term or condition of this Agreement shall be brought in a court of competent jurisdiction in the State of Texas, and that venue for that suit shall be in Travis County, Texas. The prevailing party in any lawsuit brought pursuant to this paragraph shall be entitled to recover its reasonable attorney's fees and costs from the non-prevailing party

16. Indemnification.

Facility agrees to indemnify USA from any and all liability, loss, damage, claim or expense of any kind whatsoever, including costs and attorneys' fees which result from negligent or reckless acts or omissions by Facility, its agents or employees, directors or officers regarding the duties and obligations of Facility under this Agreement.

USA agrees to indemnify Facility from any and all liability, loss, damage, claim or expense of any kind, whatsoever, including costs and attorneys' fees which result from negligent or reckless acts or omissions by USA, its agents or employees, directors or officers regarding the duties and obligations of USA under this Agreement.

17. Notices.

All notices, requests, or correspondence required under this Agreement shall be in writing, and delivered by United States mail to:

All notices, requests, or correspondence required under this Agreement shall be in writing, and delivered by United States mail to:

a) If to USA:

b) If to Facility:

USA MANAGED CARE ORGANIZATION, INC.
1250 South Capital of Texas Highway
Building 3, Suite 500
Austin, Texas 78746
Attention: Provider Relations
E-mail Address: info@usamco.com

Attention: _____
E-mail Address: _____

Either party may change the address to which communications are to be sent by giving written notice. All communications will be directed to Facility at the most current address on file with USA.

18. Attorney's Fees.

If it shall become necessary for either USA or Facility to employ an attorney to enforce or defend its rights under this Agreement, the non-prevailing party in any arbitration, legal action or proceeding shall reimburse the prevailing party for its reasonable attorney's fees and costs of suit, in addition to any other relief to which such party is entitled.

19. Partial Invalidity.

If any part, clause or provision of this Agreement is held to be void by a court of competent jurisdiction, the remaining provisions of this Agreement shall not be affected and shall be given such construction, if possible, as to permit those remaining provisions to comply with the minimum requirements of any applicable law and the intent of the parties hereto.

20. Waiver.

A party's waiver of a breach of any provision of this Agreement shall not constitute a waiver of any subsequent breach of the same or another provision contained in the Agreement. A party's subsequent acceptance of performance by the other party shall not be construed as a waiver of a preceding breach of this Agreement other than failure to perform the particular duties so accepted.

21. Controlling Law.

This Agreement and all questions relating to its validity, interpretation, performance and enforcement shall be governed by and construed in accordance with the laws of the state where services are being provided.

22. Conformity with Federal and State Statutes.

The Parties intend that the terms, conditions and provisions of this Agreement be and remain in compliance with the Medicare laws of the United States and any rules and regulations promulgated pursuant to that law or the laws of any state of the United States that are applicable to this Agreement. Therefore, if any term, provision or condition contained in this Agreement, is in conflict with the Medicare laws, rules and regulations, or any state laws, rules or regulations that are applicable to this Agreement, the conflicting term, provision or condition is modified, added, changed or amended without further action of the Parties so that this entire Agreement is consistent with and complies with Medicare laws, rules and regulations, and applicable state laws, rules and regulations. USA agrees to give Facility notice in writing of any change, modification, addition or deletion to this Agreement that is necessary for this Agreement to comply with applicable laws, rules and regulations. The Parties agree that notice of a change constitutes an amendment to this Agreement without the necessity of signatures of the parties, and is effective on the date of the notice.

23. Entire Agreement.

This Agreement, Attachments A and B, and Exhibits A and B contain the entire understanding between the parties hereto with respect to the subject matter hereof and supersedes all prior Agreements and understandings, expressed or implied, oral or written. Notwithstanding provisions in section 34 (Network Products or Services), any material change to this Agreement's language or rates must be in writing and signed by duly authorized officers or representatives of Facility and USA. Non-material changes can be communicated via notifications. If neither party disapproves of a notification in writing within thirty (30) days, such notice will be considered accepted and binding. No other third party, including but not limited to any INSUREDS and INSURERS, shall be required to consent or receive notice of any such amendment or notice in order for the amendment or notice to be effective and binding upon the parties to this Agreement.

24. Title Not to Affect Interpretation.

The paragraph and subparagraph headings in this Agreement are for convenience only and form no part of this Agreement and shall not affect its interpretation.

25. Execution in Counterparts.

This Agreement may be executed in any number of counterparts including facsimiles. Each counterpart shall be deemed to be an original as against any part whose signature appears thereon, and all of which shall together constitute one and the same instrument.

26. Force Majeure.

Neither party shall be liable nor deemed to be in default for any delay or failure in performance under this Agreement or other interruption in the discharge of its responsibility, either directly or indirectly, from acts of God, civil or military authority, acts of public enemy, war, accidents, fires, explosions, earthquakes, floods, failure of transportation, machinery or supplies, vandalism, strikes or other work interruptions by employees, or any similar or dissimilar cause beyond the reasonable control of either party.

27. Survival.

In the event this Agreement is terminated as set forth herein, Sections 4, 14, 16, 18, 21, 27, 28 and 33 shall survive the termination of this Agreement.

28. Termination Responsibilities.

In accordance with Section 10 (Termination) or any termination of this Agreement, said termination shall have no effect upon the rights or obligations of the parties arising out of any transactions occurring prior to the effective date of such termination. Facility agrees to accept, as payment in full, the rates in Exhibit B for services rendered to an INSURED who is inpatient upon the effective date of such termination, until INSURED is discharged or safely transferred to a participating USA facility.

29. Discrimination.

Facility agrees to provide services for INSUREDS within the normal scope of Facility's medical practice. These services shall be accessible to INSUREDS, and made available to them, without limitation or discrimination, to the same extent as they are made available to other patients of Facility, and in accordance with accepted medical and professional practices and standards applicable to Facility's other patients.

30. Network Recognition.

USA maintains a current contracted carrier/payor (INSURER) list indicating clients who have directly contracted with USA for use of USA's network and services. INSURERS shall identify USA's network with USA's name or logo on the INSURED's identification card or explanation of benefits.

31. Insurance.

Facility shall, at its expense, carry and provide USA evidence of malpractice and professional liability insurance, public liability and property damage insurance, or an equivalent program of self-insurance, in an amount equal to the greater of the amount required to maintain accreditation/certification or the amount required to meet the state's minimum requirements.

32. Licensure.

Facility shall, throughout the duration of this Agreement, be required to maintain any and all licenses and certifications as may be required by the state in which Facility provides services.

33. Claim Disputes.

Facility may, for a period of 90 (ninety) days from the receipt of payment of a claim, review the payment and provide to INSURER written notice of any perceived underpayment. INSURER shall reimburse Facility the amount of the underpayment within 30 (thirty) days provided documentation substantiates the payment error. After the 90 (ninety) day period has expired, payment of that claim is final and may not be disputed for any reason.

34. Network Products or Services.

USA advises Facility that from time to time it may develop other products or services that will benefit participating network facilities. The parties agree that if USA develops a new network product or service that network product or service may be added to this Agreement by amendment to this Agreement. The procedure for amending this Agreement to add a new product or service is as follows: USA will notify each Facility that it is offering a new network product or service. The notice will be accompanied by a proposed Amendment to this Agreement which shall set out the description of the product or service and the terms and conditions of the product or service, including fees payable to Facility for the product or service. On the thirtieth (30th) day after the date of the notice, the Amendment shall become an amendment to this Agreement and shall be binding on USA and Facility unless within the thirty (30) day period Facility notifies USA in writing, signed by an authorized representative and dated, that it does not accept the Amendment and does not want to participate in the additional product or service. If a Facility notifies USA that it does not accept the Amendment, then Facility is not bound by the terms of the Amendment, and may not participate in the additional product or service, however, all of the provisions of this Agreement shall remain in force.

35. HIPAA Compliance

USA and Facility agree to comply with the requirements of 45 CFR § 164.504(e) as such may apply to USA as a business associate and Facility as a covered entity.

This Agreement is effective upon the date of execution by USA.

USA MANAGED CARE ORGANIZATION, INC. POLICIES FOR FACILITY PARTICIPATION USA WORKER'S INJURY NETWORK TEXAS SPECIFIC

Pursuant to the agreement of the parties set out in Section 2(c) of the Health Care Ancillary Agreement, USA Managed Care Organization, Inc. (USA) has adopted the following policies and procedures for Facility participation in the USA Worker's Injury Network that are applicable to those Facilities organized in the State of Texas or providing services under the Worker's Compensation statutes of Texas.

1. Facility may not send an invoice to or attempt to collect any amounts of payment from an employee who is employed in the State of Texas and subject to the Texas Worker's Compensation laws for injuries that are compensable under those laws under any circumstances, including the insolvency of the INSURER of the employee or insolvency of USA.
2. Facility will require admitting and hospital based physicians to follow treatment guidelines, return-to-work guidelines and individual treatment protocols adopted by USA.
3. Facility may not deny treatment for a compensable injury to an employee solely on the basis that the treatment is not specifically addressed by the treatment guidelines used by USA or an INSURER.
4. USA may not refuse to renew a contract with a Facility because the Facility has, on behalf of an employee, filed a complaint against an INSURER that is a client of USA or appealed a decision or requested reconsideration or independent review of the decision of an INSURER.
5. If the Health Care Ancillary Agreement with a Facility is terminated for any reason, at Facility's request, Facility will continue to be paid or reimbursed (as applicable) the agreed upon rates (as set out in Exhibit B to the Health Care Ancillary Agreement) for care of an employee with a life-threatening condition or an acute condition for which disruption of care will harm the employee for a period of ninety (90) days from the termination date. If there is a dispute regarding the continuity of care for an employee being provided services by a Facility whose contract with USA has terminated, the parties must resolve the dispute through the complaint resolution process set out in Texas Insurance Code §§ 1305.401-1305.405 and Texas Administrative Code Title 28, Chapter 10, Subchapter G.
6. If the Health Care Ancillary Agreement is terminated for any reason other than its expiration:
 - a. USA agrees to give the Facility notice of termination at least ninety (90) days prior to the effective date of termination that it intends to terminate the Agreement;
 - b. The Facility, on receipt of the termination notice may request a review of the termination by USA's advisory panel within thirty (30) days from the date the notice is received.
 - c. For purpose of the review of Facility contract termination, USA will set up an advisory review panel that consists of providers from three facilities with the same licensure and the same or similar specialty as that of the terminated Facility with the authority to review the termination of Facility.
 - d. The USA advisory panel will be provided with the documentation necessary to review the termination and the advisory panel must complete its review prior to the effective date of the termination.
 - e. USA may not notify any patient of the Facility that the Facility is no longer a part of the USA WIN Network until the earlier of (i) the effective date of the termination or (ii) the date the advisory review panel makes a formal recommendation (assuming that the report of the advisory review panel confirms the termination).
 - f. If there is potential of imminent injury or harm to the health of an employee who is the patient of the Facility that is being terminated for suspension or termination of an applicable license to practice, or a fraudulent act, USA may terminate the Facility immediately and will immediately notify the employees (if any) receiving medical services from the Facility that the Facility has been terminated.
 - g. If a Facility terminates its contract with USA, USA will notify employees of the clients of USA who are receiving medical care from the terminating Facility as soon as practicable and no later than the termination date that the Facility is terminating its agreement with USA.

- 7.** Facility must post a notice to employees containing information required by Texas Insurance Code §1305.405 on the process for resolving workers' compensation health care network complaints in the office of the Facility. The notice must include the Texas Department of Insurance toll free telephone number for filing a complaint and must list all workers' compensation health care networks with which the Facility contracts.
- 8.** USA will furnish Facility a list of any treatments that require pre-certification or pre-authorization and the procedures to obtain that certification or authorization.
- 9.** The Health Care Ancillary Agreement may not be interpreted in a manner that would allow the transfer of risk to an employee, as the transfer of risk is defined in Texas Insurance Code §1305.004(a)(26).
- 10.** Facility and any subcontracting Facility must comply with all applicable statutory and regulatory requirements under both the laws of the State of Texas and the United States of America.
- 11.** Exhibit B to the Health Care Ancillary Agreement sets out the rates for medical services that are applicable to the Health Care Ancillary Agreement with USA.
- 12.** A Facility whose specialty has been designated by USA as treating facility is a network treating facility and agrees to any applicable provision as a treating facility.
- 13.** Billing by Facility and payment to Facility will be made in the manner and process set out in Texas Labor Code §408.027 and applicable rules.
- 14.** Facility must provide treatment to injured employees who are presented to Facility through USA WIN Network and contracted INSURERS of the USA WIN Network.
- 15.** USA will require contracted INSURERS to not use financial incentives or make payment to Facility that acts directly or indirectly as an inducement to limit medically necessary services.
- 16.** Facility agrees to allow INSURER to effect a contingency plan in the event that INSURER is required to reassume functions from USA WIN as contemplated under Texas Insurance Code §1305.155.

ATTACHMENT B

**USA MANAGED CARE ORGANIZATION, INC.
POLICIES FOR PROVIDER PARTICIPATION
LONESTAR ATHLETIC INJURY NETWORK®
TEXAS SPECIFIC**

Pursuant to the agreement of the parties set out in Section 2(d) of the Health Care Ancillary Agreement, USA Managed Care Organization, Inc. (USA) has adopted the following policies and procedures for Facility participation in the Lonestar Athletic Injury Network® that are applicable to those Facilities organized in the State of Texas.

Facility has elected to participate in the Lonestar Athletic Injury Network® (Lonestar), a network of medical Facilities across Texas who have agreed to offer medical services to injured Texas students and athletes participating in U.I.L. – related activities.

Facility acknowledges that various plans are available for the funding of medical care and that plan selection resides with purchaser of coverage. Purchaser may be listed as either a Texas School District or as an individual electing to purchase Voluntary Coverage. Lonestar shall furnish copies of the plans available, upon request.

Facility agrees that reimbursement will be based on USA MCO contracted rates, subject to the provisions of the plans described above. Payments made represent the Full and Final reimbursement, and Facility hereby agrees to forego balance billing of insured students and does hereby accept plan payments as Full Assignment. In instances wherein an injured student may be listed as a beneficiary of other coverage, the plans represented by Lonestar will become secondary and payments made will be in addition to those made by the primary insurance carrier.

Either party may terminate this agreement with the provision of a 180 day written notice.

All covered school districts will be notified of the provisions of this agreement as well as the participation status of contracted medical care Facilities in their communities.

Facility authorizes USA Managed Care Organization to consult with hospital administrators, members of medical staff, malpractice carriers and other persons to obtain and verify Facility's credentials and qualifications. Facility releases USA and its employees and agents from any and all liability for their acts performed in good faith and without malice in obtaining and verifying such information.

EXHIBIT A

COST CONTAINMENT GUIDELINES

1. Facility agrees to provide health care service in conformity with accepted prevailing medical and surgical practices in the community in which Facility operates.
2. Facility agrees to utilize participating facilities and ancillary services (e.g., laboratory, x-ray, ultrasound, etc.) when not available in Facility and when consistent with good medical practice.
3. Facility agrees to encourage the use of generic drugs whenever medically possible, when in the best interest of the patient, and when allowed upon physician order.
4. While Utilization Management is primarily conducted by telephone, certain situations may require an on-site visit. Should this occur, Facility agrees to accept Utilization Review Representative on Facility campus for the purpose of reviewing medical records pertinent to continued stay or retrospective review of INSURED. Utilization Review Representative agrees to conduct reviews in accordance with Facility's policies.

Current INSURED medical records shall immediately be made available by Facility, upon request, with proper patient authorization, for the purpose of concurrent review and retrospective review.
